

TWO INDIANA MINES ATTACKED

TRIBUNE LAYS
NEWS OF WORLD
AT YOUR DOOR

Full Leased Wire Service of The Associated Press to be Received Beginning Monday

A BIG STEP FORWARD

"Oldest Newspaper in North Dakota" to Offer Its Readers Remarkable Service

A remarkable step forward in the history of the "Oldest Paper in North Dakota" will be made Monday.

Beginning on Monday, June 12, The Bismarck Tribune will receive the full leased wire service of The Associated Press, the great cooperative news-gathering association. Heretofore the Tribune has received a limited report of this service.

This means that every day the news of the world will come into the Tribune office over a special, leased telegraph wire, operated by expert telegraphers, bringing the news of the world. It means that Bismarck will get the same extended telegraph reports that are now received by newspapers in cities ten times the size of Bismarck and the same service as the Grand Forks Herald and Fargo Forum in North Dakota. It means that a complete report of the world's history for one day will be given to the people in Bismarck and Bismarck territory 12 to 24 hours before it is given to them in any other newspaper. It means that correspondents of the Associated Press in every city of consequence in America and correspondents stationed at various cities over the entire world will be writing news for The Tribune.

History of Organization
The Associated Press is a cooperative, mutual organization of individuals, each representing a morning, evening or Sunday newspaper. On June 1, 1922 the membership totaled nearly 1,300. The association has no capital stock, declares no dividends and does not sell its products. It is non-partisan, non-sectarian and serves no special interests. Its member papers represent every shade of political, economic and religious thought and to satisfy this diversity of interest there is only one feasible method of handling controversial news—by stating only the truth and by opening its facilities to both sides of a controversy.

For its more important service the association operates about 76,000 miles of leased wires extending all over the United States. At 70 of the principal cities of the country are maintained bureaus of staff men to select from the news that comes over the leased wires the items that are of particular interest to adjacent cities. The number of words received and transmitted at each of the more important offices averages more than 60,000 in 24 hours. The most expert telegraphers that can be obtained or trained are concerned in keeping this great volume of news moving and their efforts are now being supplemented by automatic printing telegraph machines which, watched closely by experts in electrical mechanics and with their impulses controlled by combinations of holes punched in a tape, grind out in an almost uncanny way a report that can be moved at a speed nearly fifty percent greater than that attained by the best Morse operators.

Sole Product is News
The sole product of this great organization is news. It comes in all its ramifications of politics, statecraft, wars, peace, economics, industry, business, trade, social order and progress, religious thought and action, crime, sports, the reports of government, public and semi-public organizations or the actions of individuals, either those who have gained eminence by achievement or who flash out of obscurity by some startlingly unusual act.

And whether the events occur in the United States, or in its outlying possessions in Canada, Mexico, Central America, South America, Europe, Asia, Africa or the islands of the seven seas, record of them comes swiftly by telephone, telegraph, wireless or cable to the newspapers whose business it is to put the reports in type that he who runs may read, and reading know the truth of the items because they are "By the Associated Press."

Where News Comes From
Out of the frozen north comes a member of the Northwest Mounted Police with an Eskimo prisoner and a story of explorer murdered; from London there is an announcement of diplomatic exchanges between European cabinets; China's famines and floods are reported from Peking; a South African election is decided; Russia stirs with a fresh upheaval; the supreme court of the United States construes a national tax law or refuses to set aside a verdict; India murmurs and the sound is echoed from Ireland; a flurry in New York's exchange follows closely a political move in Washington; Argentina moves to solve its commercial problems and the Chicago grain pit whirls in momentary excitement; a champion pugilist is dethroned or hard hitting American tennis experts invade the Antipodes and recapture a precious international trophy. All these and many more events make up the grist by which the machinery of the Associated Press prepares facts for the news hungry public of the Americas.

Backed by the prestige gained by unswerving adherence to its high (Continued on Page 6)

WOMAN WHO SHOT "PERFECT LOVER"
SHOWN HERE WITH TWO SONS

While Peggy Beal, slayer of Frank Anderson, "the perfect lover," lies suffering from self-inflicted wounds in Kansas City, Mo., her sons pray for her recovery. They are living with their father, Stephen Beal, in Terre Haute, Ind. Peggy was divorced from him five years ago. Picture shows Peggy Beal (upper) and her two sons, Louis, now 13 years old (left), and Stephen, now 16. The pictures were taken before Peggy separated from her former husband. A duplicate of the picture of Louis was found in Mrs. Beal's possession after the shooting.

WHOLE SECTION
OF STATE GETS
FINE RAINFALL

Weather Bureau Report for Past Week Shows no Community in Western N. D. Slighted

CROPS ARE LOOKING FINE

The past week has seen the entire western part of North Dakota drenched with rains, putting the crops in the best condition for year, according to the reports of Orris W. Roberts, United States Weather Observer.

From all sections of the Slope country some reports of good rains and splendid crop conditions, except that winter rye has been reported damaged in some places and cut worms have been reported in corn fields.

Golden Valley county has received more than six inches of rain since April 1, so distributed that all of it went into the ground, soaking the earth over six feet deep, according to reports from Beach.

Beach Rains Good
The Beach Advance says: "In April about one and 10-100 inches fell in May, 3.99 inches soaked into the earth, while so far in June (the 8th) the precipitation has been 1.02 inches, most of it since last Tuesday morning, and it rained some more yesterday, so since the first of the year the precipitation has been about 7 inches.

"Crops never looked better as a whole. Cut worms are doing some damage where they were undisturbed since last year, except for discing this spring for seedling, but otherwise crop conditions never were better at this time of year. Even the buttes of the Bad Lands are brilliant in their coat of green and all nature seems to be rejoicing with man in a return to normal conditions."

Heavy Rain at Dickinson
The report of the bureau today shows that rain fell in the following western North Dakota cities in the last 24 hours: Bismarck, .26; Dunn Center, .15; Dickinson, .57; Williston, .16; Minot, .07; Bowbells, .08. The heaviest rain in the state was reported at Dickinson, where two thirds of an inch of moisture penetrated deep into the ground.

The road report of the weather bureau says: "Recent heavy rains from Valley City to Beach have cut up the National Parks highway and while passable makes for rather hard traveling. Other trails in the state, however, are in good condition, particularly the Roosevelt highway."

Spiders, three frogs, lizards and snakes are often found concealed in cargoes of pineapples, bananas and other fruits from the tropics.

MERCURY TO GO
ABOVE NORMAL

Washington, June 10.—Weather outlook for the week beginning Monday: Upper Mississippi Valley: Considerable cloudiness, occasional showers, temperature above normal.

ELECTRICAL MEN
ORGANIZE HERE

Two Bismarck Men Named Officers of Association

Formation of the North Dakota Electrical Association composed of master electricians and workmen both, was completed at a meeting held here at the call of State Fire Marshal R. A. Middaugh. The purpose of the organization, it was stated, is for the general promotion of the electrical industry, especially in educating the workmen to the necessity of better work and the public to an appreciation of good work.

Officers were elected as follows: President, A. J. Bentley, Grand Forks; Vice-President, G. O. E. Vosberg, Fargo; Secretary, B. K. Skeels, Bismarck; Treasurer, R. I. Melville, Bismarck. The next annual convention will be held at Fargo at a date to be decided later.

"An association of this nature has long been needed in the state and judging from the number of men in attendance and the interest shown, the organization is assured of rapid growth," said Mr. Bentley.

According to Mr. Bentley, fire insurance rates in the state are based in part upon a standard of electrical work which should be raised, adding that a better standard should bring lower insurance rates.

NEW MARKET FOR
"CANADIAN" RYE

Pittsburgh, June 10.—Several hundred persons in Pittsburgh have received within the last few days letters offering them "pure Canadian rye" 12 quarts for \$18. Needless to say, several hundred persons hurried to order. They received in return pure Canadian rye grain put up in quart bottles. They were informed by officials that there was no law under which they could obtain redress.

WORK BEGUN ON NEW
BUSINESS BLOCKS

Golden Valley, N. D., June 10.—Construction work has been begun on a 42 by 100 brick garage, for the Skalske & Bechtel company, a 50 by 90, two-story and full basement brick department store for Ben Halpern, and a brick and tile office and warehouse for the William Newman company here representing an investment of \$125,000. The buildings will replace frame structures destroyed by fire about three months ago.

STEGNER WILL
MAKE KEYNOTE
TALK IN MINOT

"Clean Up Ticket" Candidates to Start on Tour of the State on Monday from Bismarck

PLAN A LONG TOUR

Candidates Will Continue Their Speaking Campaign Until Night Before Primary

The "clean-up ticket" in the Republican primary, composed of Harry L. Stegner for governor, Silver Serungard for commissioner of agriculture and labor and J. A. Kooker for secretary of state, will begin a campaign tour of the state Monday. It was announced today by Mr. Stegner.

Mr. Serungard came here today from Devils Lake and was in conference with Mr. Stegner. The keynote speech of Mr. Stegner will be delivered in Minot, the home city of Governor Nestos.

The candidates declared a vigorous campaign would be made, and that they would drive home their platform of cleaning up the state industrial program and stopping a riot of expense to the taxpayers. It elected they would control the Industrial Commission and would be able to fully put into effect their platform.

Open in Minot

Stops will be made at towns between Bismarck and Minot Monday, and a night meeting will be held in Minot. From Minot the party will go to Devils Lake, where a demonstration is planned in honor of Mr. Serungard, whose home is in that city. The party then will invade the Red River Valley, working through to Grand Forks, going south to Fargo and Wahpeton, and then through LaMoure, Jamestown, Valley City, Carrington and McCluskey.

Later the candidates will start an invasion of the Slope country starting at Mandan. They will make towns on the main line of the Northern Pacific to Dickinson and Beach, then go to Mott, Fort Yates, cross the Missouri to Linton and Ashley and return to Bismarck on June 27, the night before the primary.

Make Trip by Auto

The entire trip will be made by automobile, decorated with banners of the clean up campaign and in addition to day meetings that may be arranged, street meetings, in which the three candidates will speak from their automobile will be arranged for each of the night stops.

The places where the trio plan to hold evening meetings are:

- June 12—Minot.
- June 13—Devils Lake.
- June 14—Grand Forks.
- June 15—Fargo.
- June 16—Wahpeton.
- June 17—LaMoure.
- June 18—Jamestown, noon; Valley City, night.
- June 19—Carrington.
- June 20—McCluskey.
- June 21—Mandan.
- June 22—Dickinson.
- June 23—Beach.
- June 24—Mott.
- June 25—Fort Yates, morning; Linton, night.
- June 26—Ashley.
- June 27—Bismarck.

Weather Report

For twenty-four hours ending at 7 a. m. today.
Temperature at 7 a. m. 52
Temperature at noon 59
Highest yesterday 57
Lowest yesterday 52
Lowest last night 50
Precipitation36
Highest wind velocity 14

Weather Forecasts

For Bismarck and vicinity: Generally fair tonight and Sunday; warmer Sunday afternoon.

For North Dakota: Generally fair tonight and Sunday; preceded by showers east portion tonight; warmer Sunday afternoon.

General Weather Conditions

The pressure is low over Saskatchewan and over the southern Rocky Mountain region, and showers have been general from the northern Rocky Mountain states to the Great Lakes. St. Paul reports 1.06 inches this morning. Temperatures are slightly below normal along the northern border.

GRAIN GROWERS
PROBE STARTED
IN U. S. SENATE

Inquiry Made as to Why Organization Has Not Marketed Grain for its Members

WITNESSES ON STAND

Declaration Made That Financing of Sales Agency of Growers Has Now Been Completed

Washington, June 10.—James K. Mason, of Chicago, treasurer of the U. S. Grain Growers Inc. and William Eckhardt, of Chicago, a former treasurer, had been summoned to appear today before a sub-committee of the senate agriculture committee in connection with charges that the association was not properly directing its efforts in behalf of its 60,000 farmer members.

The witnesses were called to reply to charges that although the organization had collected as initiation and dues \$600,000 in addition to \$200,000 borrowed it had marketed no grain for its members not withstanding its requirements that its members by contract shall place their entire grain crop within its control for five years. Announcement of the charges was made yesterday at the conclusion of the investigation of the record of the association under a resolution introduced by former Senator Kenyon, of Iowa.

ANNOUNCES PLANS

Washington, June 10.—Organization by the U. S. Grain Growers, Inc., with assistance by a Chicago millionaire with a subsidy for co-operative marketing of grain was detailed by J. K. Mason, of Milton, Ind., vice president of the Grain Growers in testifying today before the special senate committee investigating the alleged activities of the U. S. Grain Dealers association to prevent co-operative marketing legislation.

Mr. Mason, with other officers of the Grain Growers appeared with books and records in connection with charges that the organization had marketed no grain for its members.

The new subsidiary is known as the U. S. Grain Growers Sales Dept.

The Chicago millionaire whose name he did not divulge was engaged in the sale of grain under the auspices of the Chicago Board of Trade.

The millionaire he said was expected to loan the grain growers \$50,000 to be used in obtaining a membership on the board of trade and otherwise financing the newly created sales department. The financier, the committee was told, is willing to invest \$100,000 or more to make the marketing a success.

The witness explained to the committee that the sales committee would handle the grain of all members of the association which the members by contract are to deliver to the parent organization for five years. The parent organization, it was stated, will retain control of the common stock of the sales corporation and a portion of the commission will be used to liquidate indebtedness to the unnamed millionaire on money he may advance.

Have Large Deficit

The grain growers on May 30 according to statements made by Mr. Mason and the retiring treasurer, had a deficit of \$129,267, an increase in indebtedness since its convention in Chicago since March of about \$23,000. The corporation, it was testified, has a membership increasing at about the rate of 600 a week. It had received from membership dues up to the time of convention \$486,000 and had incurred up to that time liabilities amounting to \$399,000. The total current assets were placed at \$218,000 and the total current liabilities at \$338,000.

The association has contracts with its members, he stated to market approximately 100,000 bushels of grain. Both witnesses expressed the opinion that as soon as the sales department started operations it would be able in ten or eleven months to wipe out the accumulated indebtedness.

HOLD 23 IN
DEATH PROBE

Jackson, Mich., June 10.—Jackson police and county authorities were questioning 23 men today taken into custody in the last 24 hours in connection with the slaying of Miss Alice Mallot, matron of a home for girls here, killed last Thursday night with an axe.

Throughout Old Lyme and Hamburg, Conn. you are welcome to wander over farm property—unless you are an artist.

15,000 DIGGERS TAKE PART IN
GREAT SO. AFRICAN DIAMOND RUSH

Cape Town, South Africa, June 10 (By the A. P.).—The biggest rush in the history of South Africa diamond digging started at Moseburg, 60 miles from Kimberley, when about 15,000 diggers from all parts of the union and Rhodesia pegged out their claims.

The line of start for the peg-

PAYMENT OF
LICENSE FEES
MAKES WORK

Payment of the license fees of the state inspection department is keeping the members of the attorney general's office force more than busy at the present time. In addition to the payments, the issuance of the licenses and the checking with past records makes the issuance of the state's licenses, about 4,000 in number a very considerable bit of work.

SENATE BOOSTS
HOUSE FIGURES
FOR U. S. NAVY

Total Amount Agreed on in Appropriation Bill, However, Less Than Asked

PRAISE FOR AIRCRAFT

Senate Committee Says Independence of Unit in Warfare Is Established

Washington, June 10.—Appropriations of \$294,235,000 are made in the annual naval appropriations as reported out today by the senate appropriations committee. This represents a net increase of \$42,965,000 over the house bill but \$131,251,000 less than requested by the navy department.

The bill is to be called up next Monday by agreement to lay aside the tariff bill temporarily under plans made by Senator Poindestre, Republican, Washington, who will have charge of the naval budget.

Much less opposition than usual was anticipated because of the committee's action in agreeing with the house in an enlisted personnel of 86,000 enlisted men and 19,500 marines. Senator King, Democrat, Utah, however, is expected to move to reduce the marine corps to 10,000 men and to terminate marine operations in Haiti and Santa Domingo.

Principal increases noted included navy building, \$10,000,000, and new aircraft, \$6,337,000. A revised by the committee the bill calls a large reduction in naval expenditures the appropriation for the present fiscal year being \$425,458,000 or \$119,000,000 more than the bill reported today.

Regarding the naval aviation increase the committee said: "The absolute independence of the air service as a branch of the naval warfare" had been demonstrated. The total aviation appropriations were \$14,793,000 and the report said that \$15,000,000 had been appropriated for the army air service, a total for both of nearly \$30,000,000 as compared with aviation budgets of \$66,424,000 by Great Britain; \$44,600,000 by France, and \$18,723,000 by Japan.

NORTHWEST IN
BUILDING BOOM

Compilation Shows Record Increase in Construction

The Northwest is undergoing a building boom, according to compilations made by the F. W. Dodge Company, the review covering the entire country.

May building contracts in Minnesota, the Dakotas and Northern Michigan amounted to \$10,913,000, the largest monthly total since April, 1920. The increase over April, 1922, was 27 percent, and over May, 1921, 45 percent.

During the first five months of this year, construction has been started to the amount of \$36,907,000, or 22 percent more than last year.

Last month's figures included: \$3,864,000, or 45 percent, for residential buildings; \$3,704,000, or 34 percent for public works and utilities; and \$1,978,000, or 18 percent, for educational buildings.

In May, there was reported contemplated new work to the amount of \$15,773,000.

PRIVATE RADIO
IS INSTALLED

The first private radio receiving set installed in Bismarck was being set up today for M. B. Gilman by B. K. Skeels. The aerial is on the roof of the McKenzie hotel, the set being in Mr. Gilman's quarters. There now are four radio sets in Bismarck, that of Mr. Skeels, the Electric Service and Tire Shop and Knights of Columbus.

ggers extended over four miles and immediately after the proclamation was read the diggers each carrying four pegs rushed to the point they favored.

There were no casualties, which is regarded as remarkable considering the number of claimants and the excitement engendered by the rush.

300 MARCH ON
MINES; WORKER
BADLY BEATEN

Attack Follows Attempt of Mines to Resume Work Following Suspension

SHERIFF AID IS ASKED

Posse Is Formed to go to Scene Of Disorders Near Terre Haute, Ind.

Terre Haute, Ind., June 10.—Serious disorders broke out at the Riley coal mine and the Kern coal company's mine near here early today, according to reports received here.

Three hundred men, some of them armed, were reported forming for a march to the Riley mine while a party of 100 men are reported to have attacked the Kern company mine overturning cars of coal and attacking and injuring seriously one of the men employed there.

Calls were received at the sheriff's and police headquarters from mine owners of the Riley mine asking for assistance. Sheriff Wolfe immediately formed a posse and started for the scene of the disturbance.

Virgil Watkins, a driver, was seriously injured in the Kern mine when attacked by the miners. The mines attacked resumed operations recently after being idle since the suspension of work by the union miners.

The mines supply local trade exclusively.

CONDEMNNS PRICE USE

Washington, June 10.—Senator Walsh, Massachusetts, declared that a congressional investigation would be made and prosecution of bituminous coal operators who have used the Hoover price agreement to raise prices started unless Hoover obtained reduction on the contrary price.

The Massachusetts senator today talked with Senator Borah, Idaho, chairman of the senate labor committee regarding the latter's conference last night with Secretary Hoover and announced he would support Senator Borah in withholding action for a brief time awaiting result of the conference secretary's promised conference with operators to secure price reductions.

Senator Walsh added that if Secretary Hoover does not prevent price reductions an investigation would be started.

WIFE OF OIL
MAGNATE HELD

American Woman Charged With Fraud in Vienna

Vienna, June 10.—Genevieve Paddelford, who claims to be the wife of a wealthy California oil man, is under arrest here in connection with a number of fraudulent operations in which business men of Lucerne, Paris and Vienna were the victims. Eleven trunks containing costly furs and other goods alleged to have been obtained illegally were seized as well as two silver mounted vases bearing the names of the Ritz-Carlton hotel, New York.

WIFE OF OIL MAN

Vienna, June 10.—Mrs. Genevieve Paddelford is the wife of George E. Paddelford of Hollywood, California, former associate of E. L. Doheny, the oil magnate. She is widely known for the part she had in the Gould divorce case when she was known as Mrs. B. F. Teal, and at one time was Mrs. Eleanor Toomey, of St. Paul.

LABOR MUST
ABIDE BY WORD

Samuel Gompers Takes Steps to Settle Building Strife

Cincinnati, O., June 10.—Steps toward bringing peace and harmony in the nation's building industry were taken today by the annual meeting of the building trades department of the American Federation of America by directing all union presidents to meet in Chicago with a view of ending the turmoil there and considering means and reaffirmation.

Samuel Gompers, president of the federation, in referring to the Chicago situation that has developed since the Landis award said that organized labor must abide by any judgment to which it had given its word.

SLOPE TOWNS JOIN IN PRAYER FOR GOOD CROP

New England, N. D., June 10.—New England, Minn. and several Slope towns, holding community services embracing all denominations, joined in a prayer for a bountiful 1922 harvest. Ministers dwelt on the power of prayer and the specific example of Elias, whose prayers for a dry period and for rain were both successively answered.

LEAGUE WOMEN EXPLAIN AIMS

Women's Clubs Aim to Foster Betterment of Community, Mrs. Paris Says

Aside from the completion of the business matters, such as appointment of committees, hearing of reports, and making plans for the coming year the members of the Federation of Women's Nonpartisan clubs of Burleigh county are enjoying a social time in addition to the hearing of a number of their prominent members discuss subjects at Odd Fellows hall. The election of club officers took place this morning. About 25 of the delegates were present at the opening of the convention yesterday afternoon.

Mrs. Floyd Paris explained how the Nonpartisan clubs were making for better communities in which the young might grow up. She declared that the clubs were developing the civic and social life of the old people as well as making for better communities for the young. By means of these organizations the women of the country, the farmer women particularly, were becoming interested in the laws and political events which were being evolved in the country, she said. By a discussion of these things, the women were developing a better understanding of business life as well as a more complete comprehension of how laws were made and carried out, the result of certain events and legislation, the speaker asserted.

An intelligent understanding and interest in matters of city and country welfare made for better citizens. Since the young people in grade schools and even high school show very little interest in political events, and only a few enter higher institutions of education, it is left for our newspapers and clubs to enlighten the people on matters of civic importance.

Mrs. Paris, who lives near Burnt Creek, demonstrated the aims and ideals of the Nonpartisan club in her community in regard to developing a social life by relating the plans of the Burnt Creek women to build a community club house. Near Burnt Creek are two old school houses which might very easily be turned into one big community house where the young people and the old folks from all around that neighborhood could meet for social affairs, hold club meetings, or have business conferences.

This is something which every neighbor needs, she said. The Nonpartisan ladies are actively engaged in attempts to put their plans into execution. Officers of the club for the coming two years were elected. They are: Mrs. F. J. King of Bismarck, president; Mrs. Ed. Charlebois, vice-president; Mrs. Faust of Moffit, secretary; Mrs. Charles Kuel of Regan, treasurer. The delegates to the state conference which meets in this city in February are Mrs. A. E. Carlisle of Wildrose and Mrs. Floyd Paris with Mrs. Alfred Dale and Mrs. Greenan alternates.

HARDING GIVEN LAW DEGREE

Princeton, N. J., June 9.—Cited by Dean West of Princeton law school as a seeker for truth, a solver of complicated difficulties and a man of "impersonal patience and self effacing modesty," President Harding was today awarded an honorary Princeton degree of doctor of laws.

SAYS PHILLIPS EXPECTED ACTION

Washington, June 9.—Rep. Woodruff, Republican, Michigan, declared in the house today that according to his information from three different sources J. L. Phillips, Republican state chairman of Georgia, had stated a week prior to his arrest on charges in connection with fraud cases that "things on the hill had come to such a condition" that he probably would be arrested but that the case would end there.

PROMINENT DEMOCRAT DIES

Madison, Minn., June 9.—John Driscoll, of Madison, prominent in Democratic state politics, and several times delegate to the Democratic national convention died at his home early today from cancer of the stomach.

IT KEPT HIM ON THE JOB STATES METAL WORKER

Minneapolis Man Had Stomach Trouble So Bad He Could Eat Only Milk—Tanlac Again Proves Merit.

"For ten years I was gradually growing frailer in health, but Tanlac has built me up so much I feel like I'm getting younger every day," said Louis Blanchard, 912 Summer street, Minneapolis, Minn., an employee of the Butler Sheet Metal Co. "I suffered from stomach trouble all the time and was in misery from indigestion and gas on my stomach. I couldn't eat many things. I finally had to confine myself to a milk diet. Even then my stomach pained me so badly that many nights I had to get up and walk the floor and I was getting so thin, weak, and run down, it looked like I would have to give up my job. "However, it didn't take Tanlac long to rid me of my troubles and now I am well, strong and energetic and am gaining in weight every day. I certainly hope others will profit by my experience with this wonderful medicine." Tanlac is sold by all good druggists.

SOME FARMERS CEASE TO WORRY ABOUT 1922 CROP

A lot of farmers in this section of the state have ceased to worry about the 1922 crop. They are the farmers who depend chiefly on live stock raising or dairying. "There already is a good forage crop provided by the rains," said O. W. Roberts, weather observer today. The winter rye crop also is considered practically made. The rains which started about midnight were general in this section, the weather bureau reports. The rain did not extend north of Minot. It moved east to Jamestown and rained there early today.

CITY POOL WILL OPEN TOMORROW

The swimming pool will open tomorrow afternoon at 1 o'clock, weather permitting. City Commissioner John Larson said today. It was expected there would be enough water in the pool by tonight to permit opening.

FORMER LOCAL BOY KILLED IN AUTO ACCIDENT

Newspaper accounts of the death of Dean Fifield, newspaper writer, publicity director, athlete and ex-soldier, son of G. J. Fifield former resident of Bismarck, have been received here. Mr. Fifield was killed in an automobile accident at Hollywood, Calif. An athlete in Occidental college, Mr. Fifield became a sports writer for a Los Angeles newspaper. He was cited during the war by Gen. Pershing for meritorious and distinguished service. Later he entered the motion picture publicity field, and exploited some of filmdom's best known stars, including Jackie Coogan.

G. J. Fifield was in the lumber business in Bismarck in the '09's. Dean Fifield began his schooling in Will school here. The Fifields left Bismarck in 1900.

SHOWS TIME TO LIGHT LAMPS ON AUTOMOBILES

When do you light your auto lights? The city ordinance provides they shall be lighted one hour before and one hour after sunset. O. W. Roberts, weather observer, has prepared a table showing the times auto lamps should be lighted to comply with the city ordinance, for the guidance of both the police and motorists. The table follows:

Lamps should be lighted in the morning	June	Lamps should be lighted in the evening
3:51 a. m.	1st	9:30 p. m.
3:51 a. m.	2d	9:31 p. m.
3:50 a. m.	3d	9:31 p. m.
3:50 a. m.	4th	9:32 p. m.
3:49 a. m.	5th	9:30 p. m.
3:49 a. m.	6th	9:31 p. m.
3:48 a. m.	7th	9:35 p. m.
3:48 a. m.	8th	9:35 p. m.
3:47 a. m.	9th	9:36 p. m.
3:47 a. m.	10th	9:37 p. m.
3:47 a. m.	11th	9:37 p. m.
3:47 a. m.	12th	9:38 p. m.
3:47 a. m.	13th	9:28 p. m.
3:47 a. m.	14th	9:39 p. m.
3:47 a. m.	15th	9:39 p. m.
3:47 a. m.	16th	9:40 p. m.
3:47 a. m.	17th	9:41 p. m.
3:47 a. m.	18th	9:41 p. m.

MURPHY WILL MOVE TO CITY

Grafton, N. D., June 9.—At a regular meeting of the board of education Tuesday evening, R. B. Murphy tendered his resignation as superintendent of schools in this city. Mr. Murphy has been superintendent here for five years, coming to the school in the spring of 1917. He was recently appointed a member of the board of administration, by Governor Nestos, and has definitely decided to move with his family to Bismarck about the middle of next month. The vacancy was filled by the election of C. C. Finnegan, who has been at the head of the science department here for the past five years.

I. O. O. F. APPROVES SITE FOR HOME

Grand Forks, N. D., June 9.—The grand lodge, I. O. O. F., in session here, approved the selection of Devils Lake as the site of the state home for Odd Fellows. Matters pertaining to actual construction work on the building are being considered by the sessions. Competitions between the degree teams of several lodges of Odd Fellows and Rebekahs took up the attention of the convention Wednesday night. The annual memorial services were held Wednesday afternoon, the memorial address being given by Rev. L. B. Robertson, pastor of the Plymouth Congregational church of Grand Forks. The services were followed by a business meeting. GUSTAFSON CANDIDATE Lincoln, Neb., June 9.—C. H. Gustafson, head of the U. S. Grain Growers, Inc., through J. A. Crawford, Lincoln representative of the organization today announced the candidacy of Mr. Gustafson for the Republican nomination as United States senator in the July primary.

ANNOUNCEMENT

The undersigned wishes to announce to the voters of Burleigh County, North Dakota, that he is a candidate for election to the office of State's Attorney in and for said county, subject to the approval of said voters at the June primaries. We have been a resident of Bismarck for the last past five years. We advocate a square deal to every one, and we practice what we preach. If elected to this office, we will feel it our duty to devote our entire time to it and will do so. Thanking you for your support, we are, Very truly yours, J. N. MCCARTER, Office Annex Hotel. (Political Advertisement.)

ASK KATO TO FORM CABINET

Tokio, June 9.—(By the A. P.)—Admiral Baron Kato today was offered the premiership of Japan. He asked time to consider whether he would undertake to form a cabinet to succeed that of Premier Takahashi which resigned Tuesday. Admiral Kato headed the Japanese delegation to the Washington armament conference.

RICKENBACKER OFF AGAIN ON LONG FLIGHT

Chicago, June 9.—Eddie Rickenbacker reached here at 7 o'clock this morning in his round-the-country flight, and an hour later left for Omaha which he expected to reach at 10:30. Rickenbacker expected to proceed immediately to Denver, landing there at 10:30 a. m. He will reach San Francisco tomorrow afternoon, according to his plans. The complete journey in which he expects to visit more than 60 of the country's larger cities is expected to last at least eight weeks. Rickenbacker said the damage caused his plane in Detroit yesterday when it was struck by lightning had been repaired.

RAILROADS IN DIFFERENCES

New York, June 9.—The difference of opinion existing between the Northern Pacific and Great Northern railroads over interest charges due to their refinancing of joint control of the Chicago, Burlington and Quincy last year is discussed in the annual report of the Great Northern. The amount involved is at this time in excess of \$575,000,000 annually.

"Scratch Your head if you don't care Soon You won't have any hair" Keep your fingers out of your hair—stop scratching—get rid of dandruff and itching scalp and stay rid of it. Use Youth Craft and your hair will keep its color—will stay in your head and not in your comb—will grow thick and luxuriant; and keep light, silky, healthy. Youth Craft is positively guaranteed to remove dandruff and relieve itching scalp or your money back. Millions of users of Youth Craft now have beautiful hair—they don't know the meaning of dandruff and itching scalp. You can get the same results. Ask for It—Insist On Youth Craft. Positively removes Dandruff. Relieves Itching Scalp or Your Money Back.

PISTOLS STOLEN FROM ARMORY

The Minot national guard company may go to camp minus 43 government pistols. According to word received at the adjutant-general's office the armory was broken into last night and this number stolen.

ENVOY INCIDENT IS SAID CLOSED

Washington, June 9.—The incident created by the public discussion of tariff questions by Ambassador Ricci,

which brought criticism on the floor of the senate, has been definitely closed so far as the American government is concerned. The ambassador saw Secretary Hughes late yesterday in relation to the matter and it was learned authoritatively that the conference ended the matter.

CENTRAL CHINA FORCES WINNING

Peking, China, June 9.—(By the Associated Press)—Two things stood out today as indications of hope for carrying through of the Central China leaders plans for unification of China—military successes in the north which will perhaps release enough of General Wu Pei-fu's troops for demon-

stration against Dr. Sun Yat Sen and unofficial word from Tientsin that Li Yuan-Hung was willing to modify the terms on which he would accept the presidency of the Peking government.

FLOUR ADVANCES Seattle, Wash., June 9.—Flour advanced 40 cents per barrel or 10 cents a sack to consumers today, the net price to the retail trade being \$8.40 a barrel.

BISMARCK ON THE NEWS MAP

Bismarck Tribune on Monday will give its readers the full leased wire service of the Associated Press. This is the same news service received by Fargo Forum, Grand Forks Herald and Minot Daily News. Leased wires run into each of the offices of these papers giving THE TRIBUNE and its associated members the Greatest News Service in the world, the best news service obtainable.

Features OF GREATEST NEWS SERVICE IN WORLD WHICH BISMARCK and adjoining territory WILL NOW get through the columns of The Tribune, twelve hours earlier than through any other state daily and twenty-four hours earlier than through any Twin City Paper are as follows:

The Markets

The Bismarck Tribune Today prints the complete market report placing in the city and farm home quotations of vital interest shortly after the close of markets. Business men of Bismarck and within a radius of 100 to 150 miles can get their market news in The Tribune first. Grain elevators and others vitally interested should subscribe now.

News of the World

Every corner of the world is in instant touch with Bismarck on the leased wire service which started today. Foreign news is of vital interest now as the price of farm products as well as the general trend of civilization may depend upon some development of the European policy—AND The Associated Press Will be on The Job as usual.

A REAL STATE SERVICE HAS BEEN BUILT UP FOR TRIBUNE READERS. With the advent of a leased wire in Bismarck, the Capital City of North Dakota, where sixty per cent of state news breaks, an Associated Press News Bureau has been inaugurated with trained men in charge under the control of the Associated Press. More North Dakota News Items will be available under the leased wire system than before and readers in the territory covered by THE TRIBUNE will be served with this news first.

Special Features in Bismarck Tribune Which You Will Not Want to Miss

THE COMIC FEATURES.

That premier comic strip: THE GUMPS—without a peer. Follow "Andy," "Min," "Chester" and "Uncle Bim" through The Tribune Columns.

Then there will be The Duffs, Freckles, Everett True and we continue to give our readers the "Home Town."

SPECIAL FEATURES OF NEWSPAPER ENTERPRISE ASSOCIATION

News pictures from many lands—Sister Mary's kitchen—Adventures of the Twins, a bed time story for the little ones and many special articles from the pens of well known writers.

EIGHT MORE COLUMNS OF NEWS WILL BE ADDED TO THE TRIBUNE BY A CHANGE IN THE MECHANICAL MAKEUP WHICH WILL BE INAUGURATED SOON.

GUARD COMPANY ENTRAINS FOR DEVILS LAKE

Sixty Bismarck Members of Company A Leave Early Today for two Weeks Training

HAVE FULL EQUIPMENT

Company A, North Dakota National Guard, of Bismarck, entrained at 6 o'clock this morning for Devils Lake, which ends June 24. The boys leave on a special train. Coaches in this train will be combined with trains from other directions at Jamestown, and several hundred guardsmen will be carried into camp on one train. Three officers and 60 men left Bismarck for camp, led by Capt. Herman A. Brocopp. A busy week has been spent by the guardsmen getting ready for camp. A great amount of equipment was shipped into Bismarck for them, including full complement of rifles. The equipment was dumped into the mail and unsatisfactory armory which the boys now have in the basement of the Baker block, corner of Main and Third streets. The guardsmen were glad to get away from unsatisfactory quarters into a real camp.

The roster of those making the trip was given out as follows: Herman A. Brocopp, captain; Adolph H. Scharnowski, first lieutenant; Elmer Lilleskov, second lieutenant; Wesley Sherwin, 1st sergeant; John R. Musolf, supply sergeant; Angelo J. Holsa, mess sergeant; Lloyd Loftus, sergeant; Allan K. Bolton, sergeant; Walter Van Vleet, sergeant; August Schmidt, corporal; Lee M. Scroggins, corporal. Privates: Arthur Baltzer, Leif S. Bensley, Leo C. Crumb, Darby B. Doyle, Lester W. Ellis, Jack J. Fetting, Anthony A. Garske, William C. Garske, Newell Hamilton, Albert M. Iverson, Harold D. Keller, Emmanuel Liebelt, Norman T. Livdahl, John T. McGowan, bugler; John D. McLaughlin, mechanic; Archie McNeil, John C. Meyer, Olaf Nelson, Charles L. Sanders, Edgar D. Scott, George W. Stebbins, John A. Svendsgaard, bugler; Charles J. Warren, Derrick O. White, Frank W. Wray, Donald Martin, Louis Katz, William J. Bourcher, Clifford R. Davidson, George W. Hunter, Patrick J. Conway, Ralph Hitchcock, H. W. Atkinson, Alf. Harold Anderson, Earl R. Swartz, Herman B. Litt, Cecil H. Briggs, Robert B. Harold, Calvin H. Christoph, Richard J. Zeer, Ray Senger, Kenneth Sitz, Arthur J. Jensen, Harry J. Jorgensen, John E. Festerling, Orville Stewart, Robert Finstad, Jack T. McDonald, John P. Grever.

LAND OFFICE AT DICKINSON MAY BE KEPT

Dickinson, N. D., June 10.—In word received Thursday Congressman J. H. Sinclair advises that his bill to continue the Dickinson U. S. land office has been favorably reported by the public lands committee, thus strengthening the hope that the land office here will be continued for some time to come.

Further intimation that the office might be continued was received by Register W. B. Dickinson and Receiver E. J. Hughes this week in a letter from the land department at Washington which stated that it was possible that the senate would likely make the appropriation large enough to permit the retention of the office for another year.

Clowns, Red Wagons And Elephants, Come To Town Monday

Monday's show day. The dawn will break as the long gaudily painted special train comes to a halt in the N. P. Railroad yards and the working army of Christy Brothers' Monster Four-Ring Wild Animal Exposition will be unloading the wonders of the big top and all the smaller tops before many of us are out of slumberland.

The wagons will roll towards the Base Ball Park. Elephants, camels, bison, dromedaries, sacred oxen, zebras and other "led" animals will lumber, waddle, pad and walk in their wake, and the clatter of six and eight-horse teams will resound in the streets. Work-a-day will have become show day, and the true American fiesta spirit will grip us.

And after the great tents are raised against the sky and the hundreds of people, horses and animals have been fed, groomed and garbed for parade, that mile long procession will head glitteringly toward the heart of the business district. It leaves the show lot at 11 A. M. promptly, and much of novelty is promised, together with a world of color, gorgeous tableaux wagons, floats, four bands, two calliopes, and all cages and dens open to view.

The performance, which opens with stirring and opulent pageantry, starts at 2 p. m. and 8 p. m. daily. Hundreds of arctic artists, clowns and trained wild beasts will do almost impossible things in the four rings, the air and the steel arenas, all will be the best that there is to be seen in the land, from the big elephant act to the last monkey races.

The great seal herd of the North Pacific, under adequate protection, has increased to 600,000.

At Pueblo, Col., a red racer snake attacked an automobile, biting and puncturing the tire.

Georgia Peach

Miss Lota Cheek—her real name—of Dawson, Ga., has been selected as America's prettiest girl in a New York beauty contest.

MANY TAKING ADDITIONAL HAIL INSURANCE

Manager Expects Over 750,000 Acres to Carry Additional \$3 Risk

Applications thus far received for additional insurance by the state hail insurance department indicate that over 750,000 acres will carry \$3.00 additional insurance, according to Martin Hagen, manager of the department. The additional insurance may be had any time prior to July 1.

According to Mr. Hagen the number of policies thus far issued far exceeds the number at the same time last year. To date 251 policies covering 38,784 acres have been written.

Fifty-one hail losses have been reported since June 1, nearly all on winter rye. Storms occurred June 6, 6 and 7 in the following places: Barnes county, at Rogers and Spiritwood, 8 losses; Emmons county, at Linton and Temvik, 6 losses; Grant county, at Almont, one loss; in Griggs county at Blinford and Jewell, 21 losses; in Morton county, at Solen and Glen Ullin, 6 losses; Stark county, at Dickinson, one loss; Sioux county, at Watatua, 5 losses; in Slope county at Rhame, 3 losses.

\$10,000 A YEAR NOT ENOUGH

Chicago June 10.—Declaring her inability to subsist on \$10,000 yearly alimony awarded her from William Bross Lloyd, reputed wealthy communist, Mrs. Lola Maverick Lloyd has filed a petition in the superior court seeking to have the alimony increased to \$15,000.

ELECT SCHOOL BOARD.

Wilton, N. D., June 10.—Having the distinction of being the first woman in Wilton to hold an elective office, Mrs. F. M. Pettygrove was endorsed for school director of Montefiore special school district for a term of three years at the annual school election. T. H. Steffen was elected treasurer for a term of two years—98 votes were cast. Mrs. Pettygrove receiving 97 and Mr. Steffen 94, one ballot being thrown out, as improperly marked. No other names were on the ballot and not a vote was cast for any other candidate giving the two officers a unanimous vote.

MOORHEAD SELECTED.

Minneapolis, June 10.—Moorhead, Minn., won a spirited fight for the 1923 state convention of the Independent Order of Odd Fellows and Rebekahs at the meeting of the grand lodge here today.

Mosquito-Proof

Pure-bred sacred bull of India on ranch at Palacios, Tex. Cattle men are planning to rear such animals in the swamps of Texas, Florida, Louisiana and Mississippi because mosquitoes leave 'em alone.

NATIONAL GUARD WILL PLAY AS WELL AS WORK

The Work Isn't Going To Be All "Squads East," Says Captain Anderson

"CORN WILLIE" MISSING

Devils Lake, N. D., June 10.—Some 1,000 boys of the North Dakota National Guards are either here or on their way here for their annual two weeks encampment on the wooded banks of Devils Lake. Special trains were or are being utilized from Fargo, Williston, Jamestown and Grand Forks at which points the various companies concentrated. Pup tents are going up on the military reservation, seven miles south of here and by Monday night the military establishment will be well organized.

There will be some drill, but the work isn't going to be all "squads East," according to Capt. C. F. Anderson of the headquarters company. There is to be considerable special work under regular army officers including training in intelligence work, signalling, machine gun, motors, hand grenades and bayonet work. Capt. G. A. M. Anderson of the adjutant general's office will be in charge of this work, and seven army officers, recent graduates of the army schools will be present as instructors.

Devils Lake's Chautauque grounds are neat; the camp and the American Legion state convention will be one of the breaks in training, for most of the members of the National Guard who have seen service are members of the Legion. The lake, with its swimming and boating will be one of the means of entertainment of the boys during the encampment.

Chow will include the usual substantial of army life but not "corn willie," according to Captain Anderson.

Reveille will sound at 5:45 a. m. and taps at 10 p. m., but farther than this the daily schedule has not been given out. All of North Dakota's fifteen guard units, which are fully organized are here. They include Company A, Bismarck, rifle; Company B, Fargo, rifle; Company C, Grafton, rifle; Company D, Minot, machine gun; Company E, Williston, rifle; Company G, Valley City, rifle; Company H, Jamestown, machine gun; Company I, Wahpeton, rifle; Company L, Hillsboro, rifle; Company M, Grand Forks, machine gun; the Howitzer company of Devils Lake, equipped with three-inch Stokes mortars and a one-pound cannon and a Howitzer service company of Lisbon, and headquarters company of Fargo.

Major E. G. Sprague of Grafton, is in command of the troops.

THREE RECOVER BIG DAMAGES

Supreme Court Reverses Two Damage Cases, Affirms Three

Affirming in part and reversing in part five cases growing out of an automobile accident near Detroit, Minn., the supreme court upheld judgments amounting to \$12,366 against the Minneapolis, St. Paul and Sault Ste. Marie railroad and reserved judgments against the road totalling \$2,390.53.

The five cases were brought, tried and considered together in the Cass district court and in the supreme court. They followed the accident of June 22, 1920, when Mrs. Mary Cure was killed and Helen, Madeline and A. E. Cure were injured when a roadster in which they were riding was struck by a Soo line train near McCarty's crossing, four miles south of Detroit, Minn.

Judgment in favor of the driver of the car, A. E. Cure, amounting to \$1,200, was reversed on the ground that he was guilty of contributory negligence and judgment in favor of the Amézia and Sharon Land company, amounting to \$1,090.53, was reversed on the ground that having entrusted the car to Cure it could not recover because of his negligence.

Judgments in favor of the passengers of the car were, however, sustained. They were: Dakota Trust Co., administrator of the estate of Mrs. Mary Cure, who was killed, \$7,500; Helen Cure, \$2,700; Madeline Cure, \$2,166. The court was divided, four of the five judges writing opinions and differing to some extent on various phases of the case.

TO STOP COUGHING AT NIGHT

A summer bronchial cough keeps not only the sufferer but other members of the family awake. Alfred Barker, 1061 Avondale St., E. Liverpool, O., writes: "I consider it my duty to write and tell the results of Foley's Honey and Tar, which I used for my boy who had been suffering from a bronchial cough for 7 or 8 weeks. Foley's Honey and Tar has done him wonderful good, and I shall always recommend it." It soothes and heals.

DICKINSON IS PLANNING REAL 4th CELEBRATION

Dickinson, N. D., June 10.—Plans for Dickinson's big Fourth of July celebration took definite form at a meeting of the general committee with the chairmen of the various sub-committees when a general outline for the day's program was formulated. The celebration this year will be unique in that all entertainment will be free, negotiations being under way at the present time to bring a merry-go-round here to furnish free rides for the kiddies.

The general outline for the program, which, however, is only tentative and subject to revision, call for the opening of the day with a firing of the independence salute at sun rise which will consist of the firing of a giant cracker, one which can be heard throughout the entire city, for every year since the signing of the Declaration of Independence. This will be followed by a parade promptly at 10 o'clock and immediately after the parade there will be community singing and speaking from an open air speakers stand to be constructed for this purpose. With the close of the singing and speaking program, the celebration will adjourn to the new fair grounds site where a fine program of horse racing, foot racing, games and sports will be held, besides free dancing in an open pavilion.

pecially being constructed for this purpose.

In the evening there will be a short snappy concert by the Dickinson band which will be followed by a big free dance at a bowery which is being especially constructed for the purpose on West Villard Street on the lot just west of the First National bank building. Dancing will continue as long as any interest is shown.

FAITHFUL DOG SAVES MASTER

Dickinson, N. D., June 10.—J. B. Fisher, station agent at Zenith, has his faithful dog to thank for being alive today. Asleep in the living apartments of the depot at that place when the building was struck by lightning at midnight Tuesday during the heavy thunder shower which passed over this section of the Slope, Fisher was awakened, when the canine realizing the danger encompassing his master, jumped through the window, rushed to the bedside and pawed Fisher in the face until it aroused him. Leaping from the bed Fisher grabbed a coat, two pair of trousers and his laundry bag and went through the window with the dog. Shortly after the building was enveloped in flames and an hour later lay in ruins.

Fisher lost all his household effects, \$50 in currency, a diamond ring, a diamond scarf pin and many other valuables. The records of the railway

ALWAYS TIRED NO AMBITION

Nervous and Dizzy, Everything Seemed to Worry Me. How I Got Well

Larwill, Indiana.—"My back was so bad I could not do my washing. I was always tired out and had no ambition, was nervous and dizzy and everything seemed to worry me and I had awful pains in my right side. I felt badly about four years and could not do my work as it should have been done. I saw Lydia E. Pinkham's Vegetable Compound advertised so much and it did so many good things that I began to take it myself. I am feeling fine now and every one tells me they never saw me looking so well. I live on a farm, do all my work, and have three little girls to take care of. I am recommending this medicine to my friends and know it will help them if they use it like I do." — Mrs. HEBBERT LONG, R. R. 3, Box 7, Larwill, Indiana.

Many women keep about their work when it is a great effort. They are always tired out and have no ambition. When you are in this condition give it prompt attention.

Take Lydia E. Pinkham's Vegetable Compound, for it is especially adapted to correct such troubles, as it did for Mrs. Long.

THE DUMB BELLS
A "commission of experts" investigates the inmates of the Ionia reformatory, Michigan. It applies the army psychology test and placidly announces that the percentage of inmates of average mentality is greater than that of drafted men who served in the American army during the World War.
This probably strikes you as ridiculous. It is.
It takes a report like this Ionia "finding" to show up the bunk of the average intelligence test. You have seen such tests. They run like this: "If black is white, place a cross here—but if a cow has three horns underscore 'horns' and then state 'yes' or 'no' whether a circle is square," etc.
While the above is a burlesque on the average mentality test, it is fully as sane and sensible as the real thing.

The trouble with the mentality tests is that they grade intellect according to mental agility and cunning.
Outside of geniuses, the highest grade of brain is slow-thinking. If you have ever consulted a white-bearded philosopher, you know that the oracle hears your case, ponders it with deliberation, views it from all angles, then in a terse sentence utters the decision of wisdom.
The fast thinker arrives at wrong conclusions oftener than the slow thinker.
The fast thinker usually is a surface thinker. A large part of humanity's time is devoted to correcting the errors of judgment on the part of the "snap judgment" boys who glanced, instead of looking thoroughly, before leaping.
After all, what is intelligence? A hard question to answer, regardless of the expert who thinks that "everybody's out of step but me."

SPIRITUALISM
Flammarion, celebrated French scientist, is convinced that the human soul survives after the body dies—as nine out of ten people already believed without any scientific investigation.
Flammarion's excitement will remind good church-goers of a boy rushing about announcing that there's a moon.
The important thing is that Flammarion's "sure evidence" was accumulated during 30 years of research in psychic phenomena.
Spiritualism is bridging the gap that has existed for centuries between science and religion. Eventually the two will be in the same camp.

MONEY
Stocks of the various Standard Oil companies have advanced in market value more than a billion dollars since early in the year.
Yet there has been practically no change in the actual physical property back of the companies. Same old pipe lines, same old refineries, same old relation of assets to liabilities.
The billion-dollar advance is merely a reflection of increased confidence in general business outlook, especially for the oil industry.
Confidence is our greatest national wealth. For confidence is courage, the generator of prosperity.

THE JOBLESS
More people went back to work during May and general employment increased a trifle more than 3 per cent. This is the report by Uncle Sam's statisticians.
With exception of coal mining and cotton textiles, employment gradually is getting back to normal.
Normalcy seems to be the goal, yet normalcy there always are 1,000,000 men out of work in the United States—such as "floaters" and builders idle between jobs.
Normal condition never is good condition.

YOUR MEMORY
Have you a good memory? It is a valuable thing. But the memory-developing craze can go to the point of blending into plain, old-fashioned bunk.
The man who is "not good at remembering faces and names" is not out much, unless his job requires this peculiar ability, for the very simple reason that very few people you meet are worth remembering.
What we need, more than memory training, is a system to enable us to forget some of the misinformation that clutters up the average mind. The brain, like a sponge, has a capacity limit.

MOVIES
You repeatedly hear some one, who has just seen a good German-made movie, say: "They certainly turn out swell films over there."
German movies, admittedly, ring the bell occasionally. But, of the super-productions offered by Germany, only one out of 100 is accepted for American production.
Most of us jump at conclusions, having a weakness for generalizing. Seeing one good German movie, we reason they all must be good. Reading of a few murders, we decide it's a bad world, forgetting that prominence comes only to exceptions.
Most conclusions are based on minority evidence.

EDITORIAL REVIEW
Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

YES, WHY?
The Grand Forks Herald in opposing the continuance of the Bank of North Dakota at Bismarck and the state home builders association as unnecessary state enterprises, and products of socialism, fails to include the Grand Forks Mill and Elevator. The Bismarck Tribune asks why the "discrimination."—Jamestown Alert.

UNEQUAL STRUGGLE
The Democratic candidacy for Senator from Missouri, now being fought out chiefly between Senator James A. Reed and former President Woodrow Wilson, seems to be of uneven size. Whenever Mr. Reed hears that Mr. Wilson has said a paragraph, he says two columns, succeeded by two more on the second day and two more on each succeeding day until, as Colonel Ingersoll said, "he gets the impression that from the voiceless lips of the unreplying dead there comes no cry." Then Mr. Wilson hands him one that does him no sort of good and isn't over a paragraph long. In this last he condenses such phrases as, "Certainly Missouri cannot afford to be represented by such a marplot." How does he do it in twenty lines? It takes 2,000 words for Reed to uninterest the public, and Wilson has it standing on its toes in 150.

Where and whence and whither proceeded the idea that Wilson had something wrong with his mind? If he ever did, he must have been crazy 60 years ago and kept at it. We have no great love for Slim Jim, but for the sake of a good fight we do beg him to get over these two-column dithyrambs about the intricacies of the intricate, and learn Woodrow Wilson's secret. He has been in Washington long enough to have heard the story—was it the late Senator Vest's?—about the correspondent who wired his paper that if it would allow him sufficient space, say 5,000 words, he could thoroughly expose President Cleveland, and received for answer, "Give him hell in 300 words." At the present moment the crippled sage is romping away with the argument like a two-year-old.—Philadelphia Ledger.

GOOD TASTE
The president has done a graceful thing in requesting the shipping board to retain the name Leviathan for the old Vaterland, instead of rechristening it the President Harding. It is difficult for the occupant of the White House to protect himself from the acts of overzealous admirers, who are actuated perhaps more often than otherwise by a desire to ingratiate themselves into the presidential favor.
As the Leviathan, the big ship performed its great service during the war, carrying as many as 15,000 wearers of American uniforms at one time across the Atlantic.
As the Leviathan, it is stamped in the country's memory. As the Leviathan, it is intimately associated with our war traditions. Hundreds of thousands who traveled on it could call it nothing else. And other hundreds of thousands whose happiness depended upon the safety of its passengers will always remember it as the Leviathan.
The president realized that to change its name now would be something like changing Bunker Hill to President John Adams Hill, like changing the name of Gettysburg to Lincoln Field. He is to be thanked for forestalling the labored attempt of some votary to flatter him.—Louisville Courier-Journal.

ADVENTURE OF THE TWINS

By Olive Barton Roberts
Mr. Peetrabout, the Man-in-the-Moon, was lost.
Nancy and Nick hunted and hunted. And the Weatherman, Mr. Sprinkle-Blow, hunted and hunted. And the dream-fairies hunted and the Sweep hunted and all the people in the moon cities hunted.
But Mr. Peetrabout was as missing as Tommy Brown's front teeth.
Just then they came to the house where Mr. Peetrabout kept his handles for running the moon.
And there was Comet Legs pulling out handles and putting them back and then pulling them all out at once and shoving them every way.
"Ha, ha, ha!" he was roaring. "I'll bet the earth people think I'm a fine Man-in-the-Moon! I'll give 'em a change. I'll give 'em 40 kinds of a moon in one night I will!"
Of course, my dears, the moon was doing awful things. The Twins and Mr. Sprinkle-Blow could hardly keep their feet with the jerking. And everybody was as dizzy as if he'd been playing whirlypegs.
The moon-cities were falling to pieces, towers tottering and chimneys falling down and houses crumbling. A moon-quake is quite as bad as an earthquake. Even the tops of the mountains were falling off.
Down on the earth everybody was looking at the moon with long glasses. "Mr. Peetrabout's gone dumb crazy!" they cried. "Just look at that! We'll have to put him out. One minute he gives us a new moon and the next minute an old one."
"One time the moon's dry and the next it's got its corners down, which means rain. We don't know whether to go hunting or fishing or what to do. Yes, sir, old Peetrabout's lost his senses."
(To Be Continued)

TODAY'S WORD

Today's word is PARADOX.
It's pronounced—par-a-doks, with accent on the first syllable.
It means—a proposition contrary to received opinion; an assertion or sentiment seemingly contradictory or opposed to common sense but yet that may be true in fact; any phenomenon or action with seemingly contradictory qualities or phases.
It comes from—Latin "paradoxum," which, in turn, is adapted from two Greek words meaning "beside, beyond, contrary to," and "opinion, to think, suppose, imagine."
It's used like this—"For the federal supreme court's decision in the case of the United Mine Workers of America against the Colorado Coal Com-

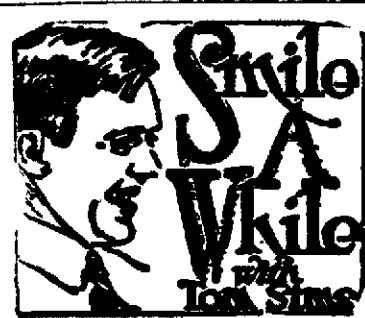

WHAT I SHOULD DO IF I WERE ABOUT TO ENTER THE MOVIE INDUSTRY

BY DAVID WARK GRIFFITH
First I should try to be as honest with myself as it is possible for a prejudiced person to be.
So many persons are honest with the world and furiously dishonest with themselves.
I should ascertain, as sanely as possible, what my qualifications naturally were for the particular branch of the industry I intended to enter.
In this, the health, appearance, educational equipment, and natural talents should be considered.
Then I should determine where I wished to be five years in the future, and whether that work would satisfy me after five years of development.
If I wished to make money, I should not enter motion pictures. Money flows in channels. No artistic road can be a money channel. It is unfortunate that money has become so closely associated with motion picture work. Young persons instinctively think of vast incomes when they consider pictures. That illustrates the force of publicity. Money and motion pictures make interesting material for the press. But the young person with his or her eye on the dollar seldom follows the path to success in art. And motion pictures will be more and more a great art.
After a careful survey of my qualifications I should go to a center where many of Arkansas to be claimed by both sides as a victory has the appearance of a paradox.

MANDAN NEWS

ASK FEDERAL AID TO PAVE E. MAIN
A formal application for federal aid in the paving of six blocks on East Main street and made by the city commissioners at their regular meeting Wednesday evening.
The new paving would complete the work from the end of the present paving to the dike where the federal project known as the bridge approach would end. State Highway Commissioner Wallace and the county commissioners were present. All approval of the measure. According to the federal law the government is allowed to assist in the paving within the city where a federal highway passes through the city and the abutting property is not of sufficient value to stand the improvement.
The amount allowed by the government is \$20,000 a mile. In this instance between \$9,000 and \$10,000 of the cost of paving the six blocks would be allowed by the federal government. The state would also stand a small portion of the expense. In this way the

THE GREAT AMERICAN HOME

People are born naked and the flappers haven't outgrown it.
A man who doesn't know where he is going seldom gets anywhere.
Prominent clubwomen wants divorce because she doesn't know where her husband is. He may be at home.
The way of the transgressor is down.

James H. Easton of Fargo, is visiting friends in Mandan for several days.

A THOUGHT

Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord; forasmuch as ye know that your labor is not in vain in the Lord.—1 Corinthians 15:28.
Did you ever hear of a man who had striven all his life faithfully and singly toward an object and in no measure obtained it? If a man constantly aspires, is he not elevated? Did ever man try heroism, magnanimity, truth, sincerity, and find that there was no advantage in them that it was a vain endeavor?—Henry D. Thoreau.

"WHAT SCHOOL?" ASK SCHUMACHER

Ask A. P. Schumacher, newly elected cashier of the Grenora State Bank, what commercial school he attended. He'll say, "Dakota Business College, Fargo, N. D." He is one of 230 "Dakotans" who became bank officers. Ask C. E. Lillethun, recently made branch manager of the Western Oil Co., Skobey, Mont. He'll say, "Dakota" too. Hundreds of successful business and professional men and women were trained at this famous college.
School year begins in June. "Follow the Successful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.

SPORTS

100 MARKSMEN ARE EXPECTED AT DICKINSON

State Trapshoot Tournament to Bring Men There From Over State

Dickinson, N. D., June 10.—More than 100 crack shots from three states are expected to arrive in Dickinson the first or next week to participate in the 27th annual tournament of the North Dakota State Sportsmen's association, which will be held at the Dickinson Town and Country club grounds next Wednesday, Thursday and Friday. Reservations already received indicate that practically every gun club in the state will be represented and in addition large delegations are expected from Nebraska and other South Dakota points and a squad from the gun club at Scohey, Mont.

Members of the local club are working hard on arrangements that will make the tournament the most successful ever held in the state and are doing all in their power to provide comforts and conveniences for guests. The new club house recently purchased and moved to the traps has been thoroughly equipped while the big club house will also be used in entertaining the visitors.

More than 50,000 clay pigeons will be shot during the tournament. The traps have been thoroughly overhauled and have been placed in charge of John Englebrecht, an old shooter, who will have under him six men to load and pull the traps.

In addition to the \$100 worth of trophies and \$25 in cash offered by the American Trapshooting association with which North Dakota clubs are affiliated, the trophy offered by the state game board and the championship cup offered by Gov. R. A. Nestos, \$425 in added prize money has been put up by the Dickinson Town and Country club.

Among the crack shooters of the state expected are Tony Chezik of North Dakota and the only man in America to hold the state championship for five successive years; Dr. Fence of Minot, who has been runner up to Chezik and Clarence Parker, also of Minot, who is also ranked with the best trapshooters in the state. Devils Lake will send a squad of five and Grand Forks will be represented by such men as Secord, Duis and Wood. Large delegations are also expected from Fargo, Jamestown, Valley City, Bismarck, Mandan, Williston, Washburn, Carrington, New England, Deach and other points.

Among the local trapshooters who will enter the events will be J. W. Sturgeon, Frank Ray, Frank Clark, B. J. Dambly, E. L. Whiting, E. L. Peterson, Charles Manning, John Koslosky and a number of others.

PRISON TEAM PLAYS MCKENZIE

The prison baseball team will take on McKenzie at the prison tomorrow afternoon. The game will be called at 2 o'clock. The public is invited.

RUNS 12 MILES IN AN HOUR

Philadelphia, Pa., June 10.—Hillman Priam, of New York, running unattached won the American Legion marathon of 12.14 miles from Fort Villa Nova to the city hall plaza this afternoon for the Philadelphia Evening Bulletin trophy. He was a mile ahead of the second man. His time was one hour 11 minutes 55 seconds.

RUTH, MEUSEL, MAKE HOMERS

Chicago, June 10.—Chicago batted New York pitchers hard yesterday driving three of them out of the box and won the final game of the series 10 to 6. The game was featured by extra base hitting, Bob Meusel knocking out his fifth homer and Ruth also poling his fifth. Ruth's drive cleared the screen in center field, the first time this ever was done. Catcher Schang hurt his leg in sliding into first base early in the game and Devoe ran for him, Schang assuming his position behind the plate. Later Devoe went in as catcher. The clubs made 27 hits which were good for 43 bases.

LEAGUE WOMEN HEAR SPEAKERS

Former Governor Frazier and Mrs. Fisher Speak

Ex-Governor Lynn J. Frazier and Mrs. C. A. Fisher, state president of the Women's Nonpartisan clubs of Burleigh county spoke before a good size audience at the Rialto theater last night under the auspices of the Women's Nonpartisan clubs of the county.

At the conclusion of Mrs. Fisher's address on "Keeping Fit," the Ex-Governor was called upon by Mrs. Ella C. Boise, county president, to speak a few words. He was received with enthusiasm by the crowd.

Mr. Frazier declared that he should have felt embarrassed to speak before his audience after his removal from office had it not been for the manner in which it took place. He stated that he had received letters from people all over the state asking him how he stood on various questions, such as the soldiers' bonus and temperance. The ex-Governor said that he stood exactly where he did when he was in office. It was during his term of office that the state bonus bill was passed, he said and a moratorium act, both of which took care of the soldiers. He said he favored the enforcement of the Volstead Act to its limit.

Mrs. Fisher declared that the people could only keep fit intellectually by doing things, not by talking about them. She urged the reading of books and magazines that gave both sides to any question of political or economic life. The greatest message taught by the Master was to love the people, not only how to live but how to live with one another, she asserted.

"Every man is entitled to a decent living," said Mrs. Fisher. "For years the toilers have been asleep and then they would be aroused by someone and gain a political hold. It was in this way that the Populist party arose. It was in the same manner that the present Nonpartisan organization arose. Its aim is to put laws on the statute books which protect the common people, the workers, just as other interests have laws and regulations to protect their business interests."

"In order to accomplish anything, you must keep fit," reiterated Mrs. Fisher. "You must keep fit by reading and studying political questions and then by acting up on your conviction when election time comes for it is by the ballot that the American people express their wishes."

TRIBUNE LAYS NEWS OF WORLD AT YOUR DOOR

(Continued from Page 1)

standards of accuracy and impartiality. The Associated Press, through its representatives at home and abroad, has access to the legislative halls and official departments of republics, the throne rooms and council chambers of monarchies, the offices and shops of leaders of finance and industry and the meeting place of those who struggle against oppression, whether political or social.

Its men are nameless. No matter how skilled as a writer, how ingenious as a news getter or how well informed as an investigator an Associated Press man may be, his personality is never allowed to intrude into the news. Men have waded to their arm-pits through miles of mud and water to carry an Associated Press story of storm and disaster. Others have stuck to the telegraph keys ticking out accounts of a great earthquake and fire while flames raged around them. The dangers of the front line trench and observation posts and the discomforts of march or trek over deserts or through fever-infested swamps and jungles have been the portions of some of these men but "By The Associated Press" has been the sole guardian by which they were known to their readers.

Altogether, it has been estimated, some 50,000 trained news men are at the service of The Associated Press. The expense of this comprehensive system runs to about \$5,000,000 annually. The funds are obtained from assessments upon the members.

MCUTCHAN MURDER CASE UP FOR TRIAL NEXT WEEK

Dickinson, N. D., June 10.—David McCutchan held in the county jail on a charge of murdering Walter Inman of Amidon last spring, will be arraigned before Judge Thomas H. Pugh at the opening of the June term of the Slope county district court at Amidon next Tuesday. It is believed that attorneys for the defendant will ask for a change of venue and the case taken to another county.

FOR RENT—Apartment in new Tribune fireproof building

Apply at Tribune office. Corner Thayer and Fourth.

18 CANDIDATES TO TAKE BAR EXAMINATION

North Dakota's State Bar Board will hold an examination for candidates for admission to the bar at Grand Forks, July 11th. Eighteen candidates have made application for examination at this time, this number including the year's graduates of the law school at the University.

SHAFFER SPEAKS IN CAMPAIGN

Candidate for Attorney-General Makes Address at Beach

Beach, N. D., June 10.—George F. Shafer, candidate for Attorney-General, opened his speaking campaign in Beach last night and in the next two days will make speeches in several counties in the southwestern part of the state.

Mr. Shafer referred to what he termed deplorable conditions in which the recall officials found the state government, referring to the Bank of North Dakota, Industrial Commission, licensing department and home-building association.

He asserted that the licensing department under the former attorney-general had been grossly misused for political purposes and the receipts of \$3,053.50 of the licensing department for the last six months has been just enough to pay current expenses. A deficit of \$5,000 still exists, he said.

He said the Nestos administration was not only carrying out its promise to complete the mill and elevator "but it is recognizing the insistent demand made by the farmers of this state during the past ten years for a terminal warehouse and mill within the state of North Dakota. In connection with the operation of this state enterprise, if it is humanly possible to do so, the Nestos administration proposes to take the business management of the enterprise out of politics and place it on a business basis."

He said it was the purpose to recommend to the next legislature that the management of the enterprise be placed under a board of directors, who are removed from direct contact with politics.

Crop Conditions In North Dakota Fine, Says Report

The weekly crop report of Van Dusen-Harrington Co., Minneapolis, says: "The weather conditions during the past week generally have been favorable for the grain crops in Minnesota, North Dakota, South Dakota and Montana."

"The days have been warm and clear and the grain has shown a rapid growth. The temperature, for the past two days, has been high and from some points we have reports that rain is needed within a week. This applies especially to the southern part of the territory where there was not a great amount of moisture in the soil."

"The conditions in North Dakota are extremely good at this time, and it is improbable that the high average in that state can be maintained, throughout the season."

"We have received several reports of grasshoppers appearing in large numbers in Southeastern Montana."

"The general condition of the rye crop is very good. As previously reported, there is a large acreage of rye and with a few exceptions, it has a heavy stand. With favorable filling weather it should produce better than an average yield."

"The corn crop throughout the territory, also has a satisfactory condition. The majority of it has been plowed for the first time. There are but few reports of cut worms working in the corn."

"The oats and barley in the southern part of the territory have started to joint. A good rain at this time would be very beneficial to them."

"The crops of potatoes, wild and tame hay are above the average for this time of year."

"There is very little new on the flax situation. Conditions and opinions vary so much in the different districts that it is hard to make an accurate estimate. We have very few reports of any large pieces of flax being seeded, and the amount of new ground broken is considerably less than the average. We still believe that there will be very little change from last year's acreage."

NO. 3 TIME MAY BE CHANGED

A change of time in No. 3, Northern Pacific passenger train which now arrives here shortly after midnight is contemplated, according to unofficial advices in railroad circles. This train has in the past arrived in Bismarck at 12:08 a. m. during the winter and 11:49 p. m. during the summer.

Advices in Fargo indicate a possible change of summer time of two hours, so that the train would go through Fargo between 3:30 and 4:30 p. m. instead of 6:35.

The new schedule, if it is adopted, is proposed as a means of establishing closer connections in St. Paul and Minneapolis with trains from the east, most of the Chicago to the twin city trains arriving between 7 and 9 a. m. Number 3 would depart from St. Paul at 8:55 a. m. under the contemplated schedule.

It is usual for the summer schedule obtaining heretofore to be put in effect before this time.

STARK FAIR DATES ARE SET

Dickinson, N. D., June 10.—Dates for the 1922 Stark county fair were set at September 4, 5 and 6 by the directors of the fair association following the stockholders meeting held at the court house. The executive committee was then given charge of all plans for the fair with full authority to ac-

cure a carnival and other fair attractions. The committee got busy at once and has already announced that it has secured the Fisher Carnival company to show here during all three days. Arrangements are also under way to secure extensive exhibits of stock and agricultural products and it will be the aim of the committee to make the First Annual Stark County Fair one of the best of its kind ever held on the Slope.

The following officers were elected for the coming year:

President—John P. Berringer.
Vice president—Ormanzo A. Brown and John J. Loh.
Secretary—C. C. Turner.
Treasurer—Anton W. Sadowsky.
Directors—Carl Hamann, Harry Dierich, A. W. Mason, P. E. Zimmerman, Mike Gress, John J. Loh, John P. Berringer, Frank Reed, E. J. Hughes, F. W. Turner, George D. Perry, Ormanzo A. Brown, A. W. Sadowsky, E. H. Knapp and L. R. Baird.

CUT WORMS CAUSE DAMAGE

Shields, N. D., June 10.—Considerable damage has resulted the past week due to the cut worms. Some of the farmers are trying out the poisoning of the cut worms, and those who have tried it in the past are convinced that it has helped. The poison is mixed as follows: 100 lbs bran, 4 or 5 lbs. arsenic, mixed together dry; two gallons of black strap molasses and 15 gallons of water. The molasses and the water may be mixed together and then mixed with the bran and arsenic. Paris green may be used in place of arsenic. This mixture is sown upon the field in the late afternoon or better still in the evening.

18 GRADUATE FROM NORMAL

Dickinson, N. D., June 10.—Next week is commencement for the June division of the 1922 graduating class of the Dickinson Normal school. Sunday evening, June 11, baccalaureate services will be held at the Simpson Methodist church. Walter E. Vater, the pastor, will deliver the sermon. On Tuesday night, June 13, the class exercises will take place at the Elks' auditorium and on Thursday evening at 8 o'clock the commencement exercises at which 18 students will receive their diplomas, will also be held in the auditorium. All the exercises will be open to the public and a cordial invitation is extended to all Slope people by the class.

LOWDEN HEADS HOLSTEIN BODY

Kansas City, Mo., June 10.—Frank O. Lowden, former governor of Illinois, was unanimously re-elected president of the Holstein-Friesian Association of America at its closing business session here. U. M. Kelley, Baraboo, Wis., was elected vice-president.

The principal action taken by the convention was to call for the appointment of a committee to work out means for a national "drink more Holstein milk" campaign to triple the fee charged for transferring the registration of ownership of purebred animals.

ANNOUNCEMENT

The undersigned wishes to announce to the voters of Burleigh County, North Dakota, that he is a candidate for election to the office of State's Attorney in and for said county, subject to the approval of said voters at the June primaries. We have been a resident of Bismarck for the last past five years. We advocate a square deal to every one, and we practice what we preach. If elected to this office, we will feel it our duty to devote our entire time to it and will do so. Thanking you for your support, we are,

Very truly yours,

J. N. McCARTER,

Office Annex Hotel.

Davidson, Pennsylvania; John A. Belar, Pennsylvania; H. W. Norton, Michigan; D. E. Armstrong, New York; G. E. Fox, Illinois; T. E. Elder, Massachusetts, and W. H. Mott, Kansas, were chosen as directors.

BISMARCK BOYS HAVE BIG TIME

Bismarck Boys' Camp, Lake Isabel, June 10.—The fleet of boats is the big feature of the boys' camp here. The boys are planning a big regatta as one part of their outing. Today the boys were to hike to the sand hills six miles south of the lake where the Mongolian pheasants are reported in abundance.

The winning baseball team will receive a watermelon tonight. The boys expect a big Sunday and then reluctantly will return home Monday.

GUN TOTER OF PEACEFUL

New England, N. D., June 10.—Ross Sams, farmer of Peaceful Valley township, Slope county, was fined \$5 and costs amounting to \$100, for violating the peace of the township, the judge adding an additional 14 days in jail. He was found guilty of drawing a revolver and threatening to shoot M. C. McCaffrey, neighbor farmer.

"Guntoting has gone out of style in this wild and woolly west," said Judge Fred White in imposing sentence.

BULLET FROM "NOWHERE" WOUNDS BOY IN KNEE

Dickinson, N. D., June 10.—Sitting on the bank of the Heart river near Dickinson, Elmer Fish, 15, was struck and wounded in the knee by a bullet which apparently "came from nowhere," according to the boy and his companion, Gaylord Thompson, whose thigh was grazed by the bullet. The youths returned to town where the bullet was extracted. Fish recovered rapidly from the effects of the wound.

BASKET PICNIC

Burleigh County Pioneers' Association.

At Wildwood, better known as the old Atrill place on Apple Creek, about five miles east of town.

Tuesday, June 20, 1922

A splendid dancing platform and good music will be provided.
